

Inspirations

North Classroom April 1, 2008

At Reading Rainbow today the kids read a book about flowers and learned how tiny seeds grow into large plants. Then they made their own flowers. Below, Keenan is coloring his. He made each petal a different color. To the right is Xavier's flower.

Discoveries

We learned **The Problem Solving Rap** which included words like trouble, problem, feelings, do, and help in sign language.

Explorations
